IMPACT REPORT 2024

Technology with Purpose

The beginning of our journey.

Every year, AvantIT dedicates part of its expertise to organisations that create a positive impact on society. This is our story.

— FOREWORD

Technology should do more than help organisations grow. It should improve lives.

In 2024, AvantIT made a decision that goes beyond business: to dedicate part of our expertise, every single year, to organisations that create a positive impact on society.

We call it **AvantIT Impact** — a permanent initiative, not a campaign. Its first chapter began alongside the Crohn/Colite Portugal Association, a non-profit supporting patients living with Inflammatory Bowel Disease.

This first report documents where it all started: the launch of the association's public website, the design of a member management solution, and the foundations of a long-term partnership we intend to grow for years to come.

The AvantIT Team

Matosinhos, Portugal · Technology with Purpose

— OUR COMMITMENT

We reinvest part of our knowledge into **society**

This is not a campaign — it is part of who we are. Four commitments guide how AvantIT gives back through technology.

01

Pro Bono Technology

Enterprise-grade platforms for non-profits, at no cost.

02

Digital Inclusion

Accessible, WCAG-minded experiences for everyone.

03

Knowledge Sharing

We transfer skills and leave teams more autonomous.

04

Long-Term Partnerships

Commitment measured in years, not deliverables.

— FEATURED PARTNERSHIP

Crohn & Colite Portugal

● FLAGSHIP PROJECT · ONGOING SINCE 2024

Member management, reimagined

A non-profit supporting patients with Crohn’s Disease and Ulcerative Colitis.

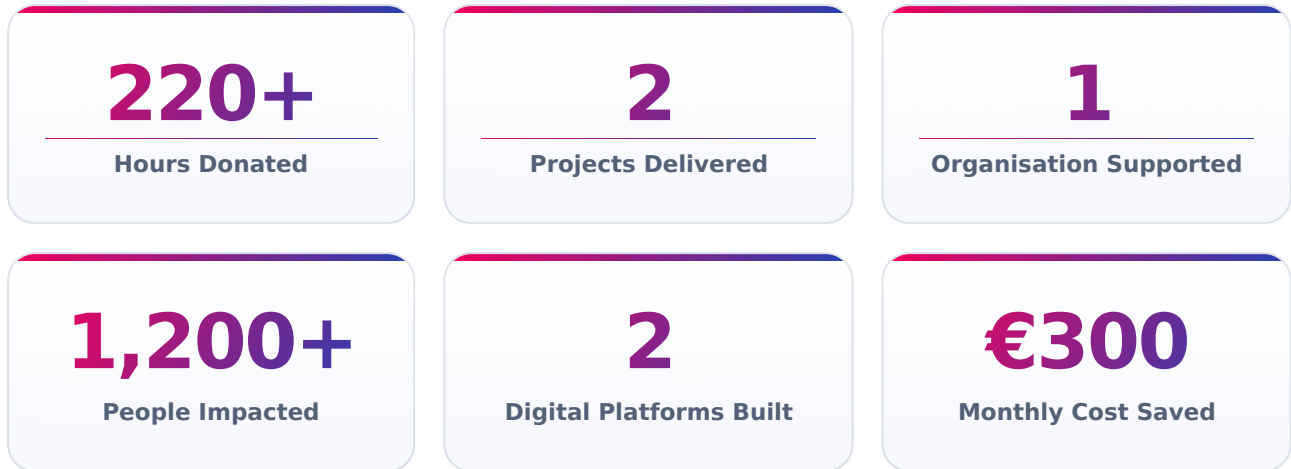

- ✓ Designed and developed the association’s public website.
- ✓ Built a custom member & quota management solution on Microsoft 365 (SharePoint / SPFx).
- ✓ Automated payment reminders and birthday notifications.
- ✓ Eliminated ~€300/month in external licensing costs.
- ✓ Established a long-term technology partnership.

Microsoft 365
SharePoint & SPFx
React & TypeScript
Node.js
Azure

Power Platform

— IMPACT IN NUMBERS

Measuring the difference we **make**

Figures reflect the AvantIT Impact initiative as of 2024. Metrics are reviewed and updated every year.

— THE JOURNEY

A partnership that keeps **evolving**

○ 2024

Beginning of the partnership

- Public website launched
- Member management solution designed
- Foundations of a long-term partnership

Let's build technology that matters.

This is only the beginning. In 2025 we will deepen the partnership, evolve the platform, and continue proving that great technology should not be a privilege of large enterprises.
