IMPACT REPORT 2025

Technology with Purpose

Growing together.

Every year, AvantIT dedicates part of its expertise to organisations that create a positive impact on society. This is our story.

— FOREWORD

Technology should do more than help organisations grow. It should improve lives.

One year into the AvantIT Impact initiative, a single project had become a continuous, multi-year partnership — the flagship of everything we set out to build.

In 2025 we moved from foundations to real, everyday impact. Together with the Crohn/Colite Portugal Association, we replaced the original solution with a modern, self-hosted platform: a Member Portal with self-service, digital member cards, and online quota payments via Multibanco and MBWay.

This report tells the story of a year of **growing together** — more capability for the association, more autonomy for its team, and a better experience for every member it serves.

The AvantIT Team

Matosinhos, Portugal · Technology with Purpose

— OUR COMMITMENT

We reinvest part of our knowledge into **society**

This is not a campaign — it is part of who we are. Four commitments guide how AvantIT gives back through technology.

01

Pro Bono Technology

Enterprise-grade platforms for non-profits, at no cost.

02

Digital Inclusion

Accessible, WCAG-minded experiences for everyone.

03

Knowledge Sharing

We transfer skills and leave teams more autonomous.

04

Long-Term Partnerships

Commitment measured in years, not deliverables.

— FEATURED PARTNERSHIP

Crohn & Colite Portugal

● FLAGSHIP PROJECT · ONGOING SINCE 2024

Member management, reimagined

A non-profit supporting patients with Crohn’s Disease and Ulcerative Colitis.

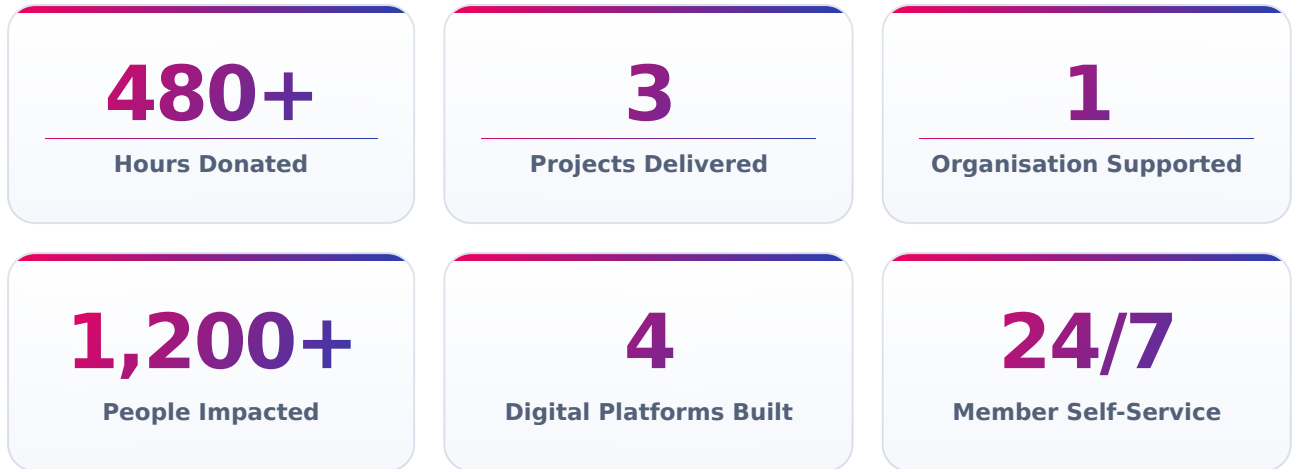

- ✓ Launched a complete Member Portal with self-service and digital member cards.
- ✓ Enabled online quota payments via Multibanco and MBWay — with zero manual work.
- ✓ Delivered a dedicated administration back-office for the association’s team.
- ✓ Migrated all historical member data with zero information loss.
- ✓ Provided continuous support, content updates and technology consultancy.

Power Platform

— IMPACT IN NUMBERS

Measuring the difference we **make**

Figures reflect the AvantIT Impact initiative as of 2025. Metrics are reviewed and updated every year.

— THE JOURNEY

A partnership that keeps **evolving**

2024

Beginning of the partnership

- Public website launched
- Member management solution designed

2025

Continuous evolution

- Modern Member Portal launched
- Online payments (MB & MBWay)
- Administration back-office delivered

Let's build technology that matters.

Looking ahead to 2026, we are planning a next-generation website focused on accessibility and a future-ready digital experience — and opening the AvantIT Impact initiative to more organisations that make a difference.
